Four Panamanian companies signed memoranda of understanding with Chinese companies for future export of their items during the China International Import Fair 2018.

These are the companies Primero Cuarenta Group (pineapple), Proluxsa (agroindustry), Atlantis Products (chicken legs) and H. Tzanetatos (agroindustry).

The first company that signed agreements for the export to the Asian country was the company Simply Natural Harvest, SA, of the province of Coclé, and that sends organic products such as banana, mango, lemon, avocado, through the Panama Export to countries program like Germany, France, Holland and Norway.
